1. **Called to Order: 2:50 pm**

1.1. **Motion to approve Minutes for Jan 17, 2018** was made by Jerry and seconded by Roy. Motion passed.

2. **Budget/Goals**

2.1. Roy's estimate for our budget expenditure this year is that we are under budget by about \$3300. We would like to give Roy the autonomy to use it for the teacher's wish lists.

2.2. We discussed the probability of how to use any leftover funds next year. We reviewed the possibility of helping to fund programs like Canvas and the connecting programs. Roy will be doing some training on these programs. We are seeing a great need for support on the technical side of education. We also looked at using it for reduction aides in the classroom and we also talked about remodeling/updating the library to create a better learning environment. Roy is still working on allocating next year's funds.

2.3. Janice makes a motion to allow Roy to have the autonomy to use the remainder budget from 2017-18 to fill teacher's wish lists in a manner to support our education goals. Ava seconded. The motion passed.

3. **New Business:**

3.1. We took a tour of the Wellness Center.
