3. **Budget/Goals**
  - 3.1. Roy said we are on schedule with our goals from last year. They are looking at maybe one more chrome book cart. Roy described the rotation plan the district uses for chrome books, which will help keep things up to date.
  - 3.2. Matt Edwards was here representing the 7<sup>th</sup> grade advisors. The concern is about the "F"'s the seventh graders earned. They are interested in doing transitional meetings, helping the students and parents make the transition from grade school to high school, with incentives to help them. They have been using their school budgets to do this and have seen good improvements. This was done with a "dinner" meeting for kids and parents, training in Canvas, etc and CTE t shirts. They have had great participation and it created good correspondence with parents. They are asking the committee to support their Seventh Grade Transition Program. The committee feels that this works really well with our goals.
    - 3.2.1. Roy made a motion that we make the Seventh Grade Transition program part of our budget for \$1500. Jerry seconded the motion and it was approved.

  - 4.3. We had a discussion about funding another ACT test for students. It will be revisited in February.
  - 4.4. Pattie is concerned about the traffic markings around the high school. She has been conversing with the state. The committee supports her pursuing this.
